Scholastic on Brilliance Audio, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. The 2nd book in an all-new series based on the hit Ubisoft(R) video game franchise Assassin s Creed. Part historical fiction, part tie-in, this novel creates a narrative fans will love. In Last Descendants, Owen and a group of other teens located the first piece of an ancient and powerful relic long considered a legend--the Trident of Eden. This piece was sought by the Brotherhood of Assassins and the Templar Order, but before either organization could take the piece, it was stolen by an unknown, third party. The tenuous relationship between Owen and the teens fractured, with some taking sides with the Templars, and others with the Assassins. Last Descendants book 2 picks up weeks after the events of book 1. There are still two pieces of the Trident of Eden to find, and both groups are determined to not repeat their mistakes. The next piece is said to have been buried with Mongol Warlord Genghis Khan, whose tomb has never been found. Now the teens on either side of the conflict will have to go deep into simulations in war-torn Mongolian China in a race against time to discover the next piece, and ensure their safety, before the others.
